

How To Extend Your InterExchange Insurance

Your insurance coverage expires on your work finish date, check your DS-2019 form.

InterExchange strongly encourages all participants to have insurance coverage during their travel period. Medical treatment without insurance coverage in the U.S can be very expensive.

If you wish to extend your insurance coverage, it is extremely important that you do this before your insurance plan expires to avoid any gaps in coverage.

InterExchange bills for insurance in half-month increments. You can [submit your payment online](#).

Please write “**WT Insurance Extension**” in the comments section and provide your requested insurance end date.

- If you wish to extend your insurance for 1-15 days, pay \$29
- If you wish to extend your insurance for 16-30 days, pay \$58

For more information about your accident and sickness insurance please visit [our website](#).

You can always call InterExchange at 1.800.621.1202.

Note: Extensions for IEC, SAYIT, and CKM cannot be processed through InterExchange.

You must contact your IC for assistance.

Thank you,
